Community Recycling Centres

Also, maybe think of community groups, schools, community support centres or local organisations who might be interested in the items you have. BUT always check first with them!

Here at ME Family Services we can usually take small household items, clothing and shoes, blankets etc. if in good condition and clean. And you can contact us about larger items like furniture which we may be able to help find a new home for but can't store in our offices

TALKING RUBBISH

In future, we hope to have a resource recovery centre in Māngere/Ōtāhuhu where you can take all of your unwanted stuff for reuse, recycling, upcycling or deconstruction.

For more information about reducing waste, or to let us know about other places to take your unwanted stuff in our community, please contact us at:

ME Family Services

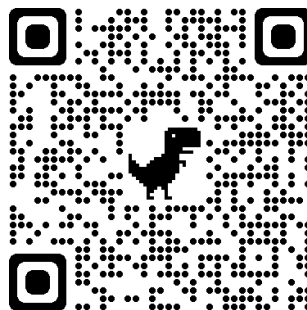

16-18 Ferguson Street, Māngere East 2024
